Press Release

Standard X-Ray continues to set “A Higher Standard” for Imaging Industry

PHOENIX, AZ – March 1, 2008 – Standard X-Ray is pleased to announce the launch of their new website www.StandardXrayAz.com. This site is in response to the growing request for online-based information and ecommerce. Medical practitioners and staff will be able to view various digital and film based x-ray and imaging solutions; navigate to offerings specific to their medical discipline; schedule service and consultations; learn about emerging imaging technologies; view sales specials, subscribe to a quarterly newsletter; and schedule a consultation, service and training.

“One of the biggest things that differentiates Standard X-Ray from our competition is the experience we provide for our customers. ‘A Higher Standard of Service’ is not just our motto. It is the cornerstone philosophy since our company’s inception.” says CEO Lisa Dionisio. “We always go ‘above and beyond’ for our customers. Whether we are making recommendations for a system or responding to a service call. Our responsiveness, experience and reputation and have earned our customer’s trust and loyalty. “

About Standard X-Ray

Founded in 1992, Arizona based Standard X-Ray offers a complete line of digital and film based x-ray and imaging equipment, service, and supplies for Chiropractic, Medical, Podiatric and Veterinary practitioners through out Arizona, and select areas of Utah and California.
